

Tell her Sweet Words

It basically means trying to win her affection. Remember that all these won't happen in a single day. You have to give some space, at least to show that you are busy.

You can say things like;

- I really want someone I can be compatible with, and you seem like one
- We can give feelings a chance and see if we can create life out of them.
- I know what I want for the future, and I see that you can also be a part of it.
- If you want someone who will always be there, show you affection, love, and true feelings, I can be that person for you. I want you to be mine.

After following all the steps listed on the blog post, here are some sweet words to make the client fall in love with you.
